

My very dear Friend

W. Lenthwich has sent us two forms of petition: one on the District of Columbia, and the other on Texas — We had understood that it was the design of those who have the direction of this business, to circulate several other petitions besides the above named — Our committees are ready to commence their work and would like to carry all that are designed to be circulated this year, at the same time — Please find me word, as soon as possible, that we may know what to depend on — Our dear Sisters Sarah M & Angelina C. have left evidence of their labours, in thirty new members to our Society — and thirty or forty Dollars to our treasury — besides pledging to the amount of 36 Dollars —

Thine in affection

Abby Kelley
